## NEWS FOR TRAVEL PROFESSIONALS.

KEEP CLIMBING

4<sup>TH</sup> QUARTER 2018

## Welcome to the 4th Quarter 2018 edition of Inside Delta, a newsletter designed to keep you updated on the latest from the Delta Air Lines network.

Delta is focused on building the world's most comprehensive and connected global network and we're making great progress.

Over the past decade, Delta has far outpaced other major U.S. global carriers when it comes to growing the number of international flights we offer and we're excited to be doubling our flights from Tel Aviv next summer.

Meanwhile, our expanding network of partner airlines is helping us serve more destinations around the world, including cities across Latin America and Canada. Read on for some of our latest network developments. Thank you for your support of Delta, we look forward to welcoming you on board.

### CORPORATE

#### DELTA'S LATEST NOW ON APPLE NEWS

With so many exciting things happening at Delta, customers can now get the latest news from the airline delivered straight to their mobile iOS devices via the Apple News app.

Simply by following "Delta News Hub" on Apple News, they can conveniently keep up with the airline's many feature stories and updates.

Meanwhile, the Delta Professional Travel Agency website is the leading source of travel, policy, product updates and more, designed especially for travel professionals. Register at [PRO.DELTA.COM/ISRAEL](http://PRO.DELTA.COM/ISRAEL).

#### DELTA AND WESTJET ANNOUNCE JOINT VENTURE PLANS

Delta and WestJet have set the wheels in motion to create a new transborder joint venture to offer customers an extensive network between the U.S. and Canada.

Subject to regulatory approvals, the joint venture will provide service to more than 30 cities covering over 95% of U.S.-Canada demand, benefiting customers connecting via New York-JFK from Tel Aviv.

### OPERATIONS

#### DELTA BREAKS JULY PASSENGER RECORDS

In July 2018, Delta flew more people in a single month than it ever has in its history. For the month, Delta flew nearly 18.3 million customers - more than half a million more than the previous record of 17.7 million set in June this year.

Passenger boarding peaked at nearly 662,000 on July 26 — the highest single-day record for the airline.

Meanwhile, and despite the high customer volumes, Delta saw a 99.31 percent completion factor for July across its mainline and Delta Connection system.

#### DELTA TO FLY TWICE DAILY FROM TEL AVIV

Delta will double its flights from Tel Aviv to New York's John F. Kennedy International airport for summer 2019, offering two daily services from June 17, 2019.

The new flight has been scheduled as a daytime departure from Tel Aviv, completing the existing night-time departure to offer customers more choice. Altogether, Delta is adding 4,000 more seats each week between the two cities.

Both flights will be operated using Airbus A330-300 aircraft with 293 seats.

Delta's second daily nonstop flight between Tel Aviv and New York-JFK is scheduled as follows:

Flight	Departs	Arrives
DL467	Tel Aviv at 11:35	New York-JFK at 16:30
DL466	New York-JFK at 15:35	Tel Aviv at 09:35 (next day)

### PRODUCTS & SERVICES

#### MORE SCREENS, MORE CHOICE

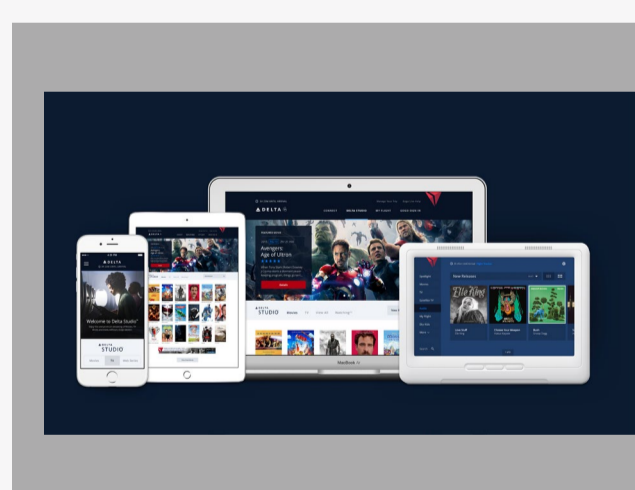

With its 600th aircraft now installed with screens at every seat, Delta offers more customers more aircraft with seatback entertainment than any airline in the world.

Access to Delta Studio® is on-demand and free of charge. Passengers enjoy a line-up including best picture nominees during awards season, plus nearly all new-release, top-grossing box office hits. Customers can also choose to stream Delta Studio to their personal devices on the airline's entire mainline fleet and most regional aircraft. [Read more.](#)

#### DELTA STUDIO FEATURES

- More than 300 movies, with around 80 foreign film titles, including Bollywood blockbusters.
- 550 TV show episodes.
- 12 channels of live satellite TV on select flights
- More than 2,500 songs.
- A selection of podcasts and games like in-flight trivia.

#### SNEAK PEEK: DELTA'S A330-300

Delta's A330-300 aircraft operate on flights between Tel Aviv and New York-JFK. Here's what's on board.

**FLEET**

**AIRBUS A330-300**

In May 2018, Delta was the first airline to acquire the new A330-300 planes with increased 267-ton maximum takeoff weight. This feature, along with other improvements—enhanced engines, aerodynamic refinements and low noise and emissions levels—means the aircraft flies quieter and cleaner with better fuel efficiency. With a fuel tank that holds 39,243 gallons, Delta's A330-300 fleet flies primarily between major hubs. Current routes include flights to Dublin, Amsterdam, Paris, Prague, Madrid, Athens, Barcelona, Milan and Rome from nine U.S. locations.

**NAVIGATION**

The advanced navigation systems of the A330 family, such as Airbus Traffic Situational Awareness Technologies and Required Navigation Performance help power the aircraft's environmental footprint.

**DELTA ONE STAR-LED SEATS**

The 34 full-flat seats in Delta One—each nearly 20 inches wide—are laid out in a reverse-herringbone style for extra privacy and comfort. The provided Westin Heavenly bedding includes an oversized white comforter and hypoallergenic, down-alternative pillows.

**DELTA CONNECT**

With Delta Connect seating, passengers have access to Sky Priority boarding, dedicated overhead bin space and extra legroom and recline.

**TECHNICAL SPECIFICATIONS**

RANGE	5,543 MILES (8,924 KM)	WINGSPAN	107' 11" (32.90 M)
