

KEEP CLIMBING

Supporting You & Your Travelers

Committed to Clean, Extending Flexibility & More

Jan. 20, 2021

Flight Schedule

NEW The CDC announced that all U.S. citizens and eligible travelers to enter the US, flying to or connecting through the United States, will need to provide proof of a negative COVID-19 test, starting on January 26. Delta is here to help, providing the information you need on testing requirements, international testing locations, and more. [Read more](#).

Explore all of Delta's destinations and make travel planning easier on delta.com, with an at-a-glance look at COVID-19 testing policies and travel requirements around the world. [Check out the interactive map](#).

Innovation

NEW Delta has finalized a partnership with high-speed Wi-Fi provider Viasat, bringing customers one step closer to the future of in-flight connectivity, with a seamless, personalized experience. [Read more](#)

NEW Delta took the CES stage this week for the third consecutive year, as Molly Battin, V.P. - Global Brand Marketing, talked about Delta's efforts to use technology to better connect with customers and employees. [Read more](#).

Cargo News
