

SMOOTHER TRAVEL IS AT HAND.

Discover the new ways your Fly Delta app is making travel easier than ever before.

From automatic check-in to interactive maps, we've upgraded our award-winning Fly Delta app to provide even more tools for keeping you connected and on course.

UPDATE YOUR APP TODAY FOR A BETTER TRAVEL EXPERIENCE

GET CHECKED IN AUTOMATICALLY

Take the guesswork out of accessing your boarding pass. The automatic check-in feature handles the process for you and sends an alert via email or a push notification 24 hours prior to departure.[1]

FIND YOUR WAY

New to an airport? No problem. Our industry-leading interactive maps[2] provide turn-by-turn directions to help you locate the closest cup of coffee or nearest restaurant within minutes.

TRACK YOUR BAGS

Nothing is more reassuring than knowing exactly where your belongings are at all times. That's why we've outfitted the app with an RFID-enabled "track on map" baggage feature.

STAY CONNECTED TO WHAT MATTERS

Don't have a signal? Now you can easily access your boarding pass and flight details when you're offline — and on the go.

You'll also continue to enjoy these benefits and more:

- View or change your seat directly in the app, including complimentary Preferred Seats for Corporate Travelers[3]
- Manage your profile and trips
- Easily access information for booking, check-in or flight status with 3-D Touch quick action shortcuts
- Find, compare and book domestic and international flights, as well as SkyMiles® Award Tickets
- Check your SkyMiles account balance and current Medallion® Status
- Customize your travel preferences
- Rebook cancelled flights or missed connections

1. Auto check-in is generally available to customers with domestic-only itineraries who already have a seat assignment or are auto-assigned a seat at check-in. Customers who require assistance with special requests like traveling with a pet in the cabin or traveling as an unaccompanied minor need to continue checking in with an agent. 2. Maps available for the following airports: ATL, BOS, CVG, DCA, DTW, GRU, JFK, LAX, LGA, LHR, MCO, MSP, NRT, SEA, SFO, SLC. 3. **Preferred Seats:** Customers traveling on company business with an employer who has an active Delta Corporate Sales Agreement with Delta are eligible to receive complimentary Preferred Seating on Delta and Delta Connection® carrier operated flights. Preferred Seating may be selected by the customer any time after ticketing. Only flights that are booked using the employer's Corporate Ticket Designator are eligible, and tickets booked in Basic Economy (E) are not eligible for this benefit. Eligibility may vary by fare class; contact your Corporate Travel Manager for more details and eligible fare classes. Preferred Seating is subject to availability. All Preferred Seats terms and conditions apply and are available at delta.com. © 2018 Delta Air Lines, Inc. 01/18 003574
